

RL9 Bath Lift

The RL9 Bath Lift is specifically designed for use with the RG9 Victoria freestanding side-entry bathing system. Your dependent to semi-dependent residents will experience seamless transfers from bed-to-bath in a comfortable and safe seated position. Caregivers will enjoy the RL9 Bath Lift for its ease of use and the improved quality of care they can provide the resident.

The heavy-duty steel powder coated frame provides both strength and durability, yet is easy to maneuver due to the four high-quality twin castors. The armrests are designed for resident safety and are easily moved upward for transfers or access during bathing.

The Rane Bathing Systems product line provides a unique combination of style, ease of use, comfort, and low cost of ownership.

- ◆ **Made in the USA.** Manufactured in Sparta, TN from the highest quality components and materials.
- ◆ **A “Best in Class” Warranty** resulting in low cost of ownership.
- ◆ **Nationwide Distribution and Customer Service.**

Standard Features

- ◆ Heavy-duty powder coated steel frame for strength and durability.
