

Gel Seat Cushion

Rane Bathing Systems introduces the new Gel Seat Cushion made with an ultra-soft viscoelastic polymer gel that will provide both comfort and stability. It's designed to fit perfectly in our extensive line of residential and healthcare facility bathing systems. What makes this gel seat cushion so unique?

- ◆ Retains it's original shape and elasticity
- ◆ Non-slip bottom provides stability
- ◆ High weight-bearing capacity
- ◆ Easy to clean and does not support bacterial growth
- ◆ Hypoallergenic (latex, silicon, and plasticizer free)
- ◆ Remains supple and does not harden over time
- ◆ Easily repaired if accidentally damaged or cut
- ◆ Vibration dampening and shock-absorbing
- ◆ Perineal care made easy due to cut-out
- ◆ Can be used in any make or model bathtub.

MADE IN THE USA
