

Gateway IP (PoE) integration for Schlage NDEB Mobile Enabled lock

Controller: N/A
 Controller firmware version: N/A
 Software name: ReZcare
 Software version: 4.1.22

Overview

Schlage® NDEB and LEB locks with ENGAGE™ technology seamlessly integrate with SMD Inc's ReZcare access control to provide a cost effective and scalable access control solution to meet your security needs.

The Schlage NDEB/LEB wireless locks with ENGAGE technology are designed to be easy to install, connect, manage and use. Developed specifically for facilities that want to upgrade to electronic credentials for improved security and efficiency, it is ideal for interior office doors, common area doors and sensitive storage spaces.

ReZcare is a suite of integrated software applications and hardware systems which are connected and monitored. ReZcare provides facility-wide care and security monitoring by integrating critical life safety systems within assisted living and retirement communities, nursing homes and hospitals. Such systems include nurse call, wandering resident and door and building security, as well as fire alarm panels.

SMD, Inc is an independent company with their own independent offerings, fee structures, features, credentials, customer service and possible licensing requirements. Please contact SMD, Inc for additional details.

Features

Maximum number of gateways/PIMs per controller/host	Unlimited
Maximum number of locks per Gateway/PIM	10
Maximum number of locks supported via network access	Unlimited
Remote linking capability via Host	Yes
Access control decision made by Host software or by lock database	Lock
Remote lockdown	No
Real-time updates and event reporting	Yes
Schedules	No
Firmware updates accomplished by ONR Over Network Reflash	Yes

Gateway IP (PoE) integration for Schlage NDEB Mobile Enabled lock

Controller: N/A
Controller firmware version: N/A
Software name: ReZcare
Software version: 4.1.22

Supported Credentials

Multi-tech – 125 KHz proximity and 13.56 MHz smart credentials	Yes
PIV & PIV-I card compatible	N/A
Mobile Credentials	No

Status Monitors

Request-to-exit	Yes
Door Position	Yes
Interior push button	Yes
Remote Lockdown/unlock	No
Low battery status	Yes
Communication status	Yes

Lock Function

Classroom/storeroom	Yes
Privacy	Yes
Office	Yes
Apartment	Yes

Gateway IP (PoE) integration for Schlage NDEB Mobile Enabled lock

Controller: N/A
Controller firmware version: N/A
Software name: ReZcare
Software version: 4.1.22
